F & H Funding Requests – Powys Samaritans in Llandrindod Wells and Citizens Advice Powys - both were considered and noted. There was a general discussion about the allocation of funding which members recognized as responding to requests as and when received which meant that monies were often allocated on a first come first served basis. It was felt that this did not provide as equitable distribution of monies as the Council might wish. It **was decided to defer a decision regarding these applications until at least the next meeting.** The clerk was asked to investigate and report funding processes for consideration of adoption.

G. Compliance Task – Charity Commission report: Llanyre Recreation Ground. It was **agreed that as the recreation ground had no income it did not reach the reporting threshold.**

I Invitation - Royal British Legion – end of Great War Commemoration Service – noted.

J Task – Western Power Distribution - Re Christmas Lights – Temporary unmetered connections inventory (50012785 MPAN- 2100040414684). **Cllr L Smith took the form and agreed to arrange its completion and return**

B	INFORMATION Tree Liabilities and Cemetery/Memorial Management	From: Zurich Insurance Tree Liabilities: The recent Court of Appeal decision in the case of Cavanagh v Witley Parish Council - any landowner has to have a risk based, planned and managed approach to the risks that trees on its land bring. In this case the Judge in the lower courts found that the parish council's approach to inspection of trees on a blanket three yearly cycle was inadequate and failed to take into account trees in higher risk locations, asserting that a more frequent and rigorous inspection on the particular tree in question would have identified the decay that subsequently led to the tree falling into the path of a bus. The parish council appealed, but the

		<p>appeal was rejected and the original finding upheld by the Court of Appeal.</p> <p>What does this mean for you?</p> <p>a tree management strategy and framework needs to be established and implemented. The approach cannot be a blanket, in terms of timetables, and inspection frequencies will need to be flexed to reflect risk. Councils should seek the advice and support of suitably qualified arboricultural experts.</p> <p>Cemetery & Memorial Safety: In July 2018 a revised version of the British Standard – BS8415 – was published,</p>
